I-MAP Indianapolis Men Advancing Prevention

A project of

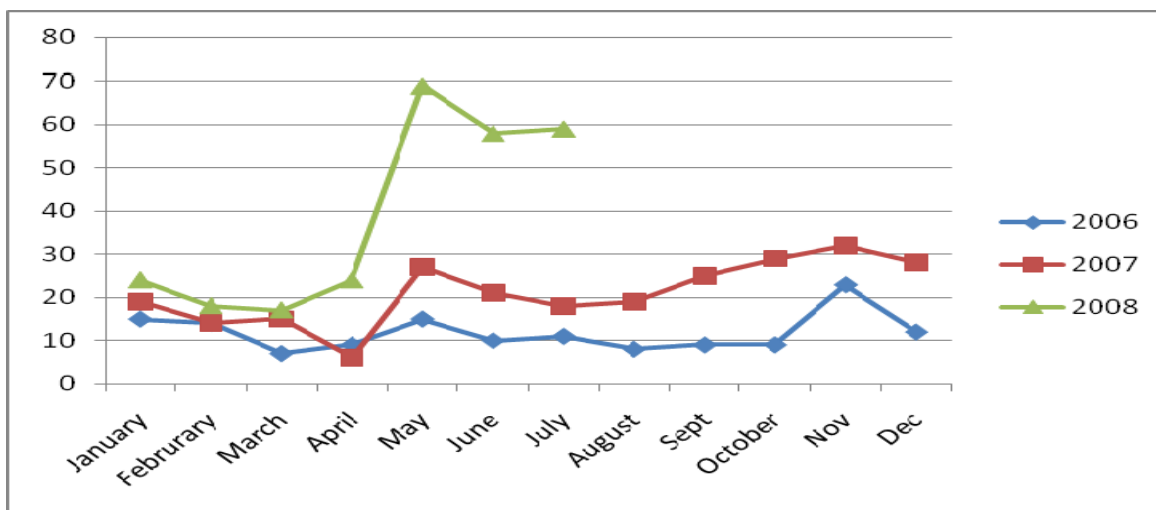

This month we distributed over 8,250 safer sex kits. We have continued to advertise our new testing line. Community members can call in to our office and hit ext. 17 and find all of the current testing locations, addresses and times. We are continuing to partner with Bell Flower Clinic to provide syphilis testing during testing times at both bathhouses and multiple bars. We continued creating DVD's for the 501 that play in their bar. We continue to conduct testing at the 501 and Gregs on Wednesday evenings. Step has partnered with IYG to offer testing once a month. We also continue to conduct Big Bad Butch Boy Bingo every Tuesday at Gregs.

TESTING

Testing is still occurring at Gregs in addition to the 501 on Wednesday evening. Testing is also available every Wednesday during the day at The Works. On Friday evening testing occurs at both The Club and The Works. This month, we had 59 tests. The overall preliminary positivity rate at The Club is 5.37%, The Works is 1.13%, The 501 is 5.45% .
